Comprehensive Portfolio Management

Detailed review and rating process

- Review financial statements and reports
- Evaluate adherence to business plan and covenants
- Compare to other industry participants

Financial performance of existing portfolio companies is evaluated by the deal team on at least a quarterly basis

- Monthly and/or quarterly financials are analyzed by the deal team
- Discussions with management are conducted to review the performance of the businesses
- In many cases, BKCC maintains observation rights or seats on the portfolio companies' boards of directors

Update memos are prepared for each portfolio company by the respective deal team at least quarterly

- Memos are reviewed at the weekly investment professionals' meeting

A separate investment rating meeting is held and attended by all transaction professionals each quarter

- Each investment is reviewed by its primary deal team and given a suggested rating level to be discussed among all transaction professionals
- At the conclusion of discussion, and subject to the approval of senior management, the chief financial officer records the internal investment ratings for review by the Board of Directors

All investments that are rated at levels other than the highest rating are reviewed on a weekly basis by the transaction professionals and management
